

St. Paul's Presbyterian Church in Simcoe is currently looking to add another worker to God's vineyard. This person would direct and participate in our youth program, help develop and shepherd a singles ministry geared toward mature adults, and work closely with the minister in developing and implementing a grief support group.

This is being offered as a half time position. Education and experience requirements are flexible; what we are seeking primarily is a person who views others with faithful compassion, is conscientious, and is willing to grow into this ministry as this ministry grows with them.

For more information, please email Rev. Mikal Schomburg at lioninwinter@stpaulssimcoe.com, call our church office at 519-426-1845, or check our website www.stpaulssimcoe.com for a detailed job description.
